- Good Communication Skills.
- Active learning and critical thinking.
- Problem-Solving Skills.
- Multi-Tasking Capabilities.
- Positive Attitude.
- Smart Work.

## PROJECTS

---

- **To-Do List**

- A simple yet powerful task manager that allows users to add, edit, delete, and mark tasks as completed. The application uses local storage to save tasks for later access.

Features:

- Add, edit, and delete tasks dynamically
- Mark tasks as completed
- Save tasks in Local Storage
- Responsive design and smooth UI animations

- **Popup Show**

- A modal popup system that enhances website interactivity by displaying custom popups for messages, notifications, or forms.

Features:

- Click-triggered popup windows
- Close button and click-outside-to-close functionality
- Smooth CSS animations for a modern look
- Fully responsive and mobile-friendly

- **Image Gallery with Popup Viewer**

- Responsive image grid layout
- Click an image to open in a popup viewer
- Next/Previous navigation within the popup
- Smooth animations and transitions
- Click outside or press ESC to close

- **E-COMMERCE WEBSITE BUILT USING HTML,CSS,JAVASCRIPT**

This It features an intuitive and user-friendly interface, allowing customers to browse products, add items to their cart, and complete purchases seamlessly. The website includes dynamic product listings, interactive UI elements, and optimized layouts for both desktop and mobile devices.

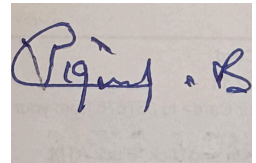

Key Features:

- Responsive design for a seamless user experience
- Product catlog with filtering and search functionality
- Shopping cart and checkout system
- Interactive UI with animations and transitions
- Secure and efficient code structure
